We established Pawmark Wholesale to cater to our friends ... trainers, kennels, shelters, rescue groups, clubs and organizations that require high quality products to use in their organization or resell to their clients.

We manufacture many of the products displayed on our web site and listed in this document in our Walworth, Wisconsin facility. From hand selecting the sides of Latigo Leather to having custom colors and patterns woven for us in our line of poly products, we are hands on throughout the process. We sew, rivet, cut and trim your products by hand, one at a time. No assembly lines here .. just good old fashioned handwork and a staff that really knows what Customer Service is all about!
